State Second Opinion Procedures

Dear Applicant,

In accordance with your request for a second opinion by the State Regional Soil Specialist, the following procedures are required.

1. You (the owner/applicant) will be notified as soon as possible after receipt of the request, of the date and the time of second opinion. We will give you as much advance notice as possible, hopefully one or two weeks in advance.
2. You and your soil consultant (if applicable) will be there at the date and time specified.
3. You will need to ensure the property lines are clearly and accurately staked, per the submitted application site plan or plat.
4. You will need to ensure the property has been adequately cleared and accessible – paths are cut, grass is mowed
5. You will need to ensure that a backhoe will be provided (if needed)
6. Please contact Robert McCabe at 252-728-8499 if you have any questions or need to cancel the appointment.
